

Parental Permission Slip

Name of Student

Tutor Group Date

Paracetamol Consent

I give permission for the school to give my daughter/son a maximum of two paracetamol in any one day, if she/he requests a paracetamol. I recognise that the school cannot take any responsibility if my son/daughter does not explain, when asked, if she/he has taken any tablets prior to this request.

Paracetamol are only available from the school office and only provided if this form has been signed by a parent/carer. Unfortunately, legal advice states that verbal permission, by telephone for example, is not sufficient. It applies to all students, including Sixth Formers.

Photograph Consent

I am happy for my daughter/son to be photographed at school to be used in the school brochure, on the school website or in various publications. This includes photographs for visiting media purposes.

I do not wish my child to be photographed at school. This includes any photographs by visiting media.

Permission to use the biometric fingerprint system

A fingerprint system is used for the "Cashless Catering" system used to pay for school meals and to borrow books from the school library. The systems use biometric fingerprint recognition and no actual fingerprint image is stored. The software calculates a number from the image and it is the number which is stored. The system creates a mathematical template that is a fully secure identification information number, just like any other PIN. This data is then encrypted for further security and cannot be used in any other database.

It is not possible to recreate an image of the original scan from the data that is stored. It is possible that we may use the same or similar systems for other purposes, such as registration, or exam entry.

I give permission for my son/daughter to use the biometric fingerprint systems for "Cashless Catering" and the school library and any other systems which may come into use in the future as allowed by the Governing body.

I do not give permission for my son/daughter to use the biometric fingerprint systems for "Cashless Catering" and the school library and any other systems which may come into use in the future as allowed by the Governing body.

It is the responsibility of the parent/carer to inform the school in writing if any changes in circumstances occur necessitating a change in any of these permissions.
