8th September 2020

Dear Parent/Carer,

In line with advice from the Department for Education and from Suffolk County Council, the school would like to clarify the actions needed to be taken in the event of a suspected case of Covid-19.

When there is a suspected case of Covid-19 for a student or anyone else in their household, the household should self-isolate, and the member of their household should get a test. If the results are negative, the student (and where appropriate siblings) can return to school.

If the test is positive, the person affected should isolate for 10 days from the onset of symptoms, and the rest of the household should isolate for 14 days.

In all situations please could you inform the school and keep us updated of test results so we can act accordingly and in line with guidelines.

If you have any queries please do not hesitate to contact us at the school

Best wishes

Peter Smith

**Senior Deputy Headteacher
Farlingaye High School**
