Parental Engagement Homework App

Dear Parent / Carer

Since we started using Teams to set homework we have had a number of requests from parents to enable them to view the homework tasks set.

In response to this we have purchased the '[Haldor-Homework](#)' app. This will allow you to view the assignments that have been set and when they are due.

Before looking at the app please note the following points:

- Currently the school policy is to put all homework tasks on Teams
- Marking of the task and feedback will be given in a variety of ways.
- Teachers are not required to put feedback on Teams if this is not the best way to give the feedback.
- We encourage you to discuss the feedback given with your child as this could be written on the work or carried out verbally in lessons.
- Students will need to click the 'Hand in' button in Teams when they have submitted the work even if they have handed it in on paper.

For more information click on this [video link](#).

In order to set up your account click on the link below. This will take you to a reset password page. If you have parental responsibility you will have an account set up. Enter your email address as held by the school and you will receive a link to set up a password. This feature can be used either through a web browser or an App for your phone.

[Click here to set up your password](#)

Once you're logged in you will be able to see the assignments for your child / children at Farlingaye. Click on the child's name and a list of all students linked to you in the system.

Thank you for your support.

Yours sincerely,

Mr C Moran
(Assistant Headteacher)
