

February 2026

Dear Parents/Carers,

As we approach the GCSE examination period, we are adding another layer of support with two dedicated revision days next week.

On **Tuesday**, students on the **North side** of the year group will attend revision sessions in English, Maths and Science in place of their usual timetabled lessons. On **Wednesday**, the **South side** will take part in the same sessions. All sessions will be held in the Sixth Form building. Students will receive their individual timetables on Monday, outlining the sessions they will attend.

While these sessions will provide a valuable boost to students' core subjects, please continue to encourage your young person to revise their option subjects too, as all subjects are equally important.

Attendance is especially important at this stage. Every day in school between now and the exams will have a significant impact on students' outcomes. There are 20 school days remaining this term, and we would greatly appreciate your support in ensuring your young person attends as many of these as possible — ideally all 20.

Thank you for your continued support.

Mr B Daly
Assistant Headteacher and Acting Head of Year 11
