

We have many exciting opportunities coming up at Speakers for Schools, with **Virgin Atlantic**, **Nature Scot**, **Network Rail** and many more!

More details of our opportunities can be found in the upcoming opportunities PDF attached. There are also flyers attached for our Virtual Work Experience with **Boots** which is a fantastic multi-week opportunity beginning in the new year.

Applications for our “**Where We'll Work**” series with the **Drax Foundation** are also still open to students in Ipswich and surrounding. Please see the attached PDF for this opportunity for more information.

If you have any questions about our opportunities or programmes, please don't hesitate to get in touch.

Best wishes,

The East Team
