01/12/2021

Dear Parent/Carer,

As you may remember, Farlingaye was visited during last half-term by a vaccination team from the NHS who delivered COVID vaccinations to eligible Y10 and Y11 students for whom consent had been provided. On the day in question, the team did not have time to vaccinate any students from other year groups. We were told at that time that the team might be able to visit us again to provide vaccinations to students in those groups. We have now heard from the NHS and they have confirmed that the second day for COVID vaccinations will be **Tuesday 14<sup>th</sup> December 2021**.

Provision on this day will be for those students who did not receive a vaccine during the first day of vaccinations, who already have provided consent on the NHS system and who would like to receive their vaccine on this date.

We have been informed that no new consents can be added to the system at this time. If you have not already provided consent but would like your child to be vaccinated, you will unfortunately have to find alternative ways to access a vaccination.

As previously communicated, if you have any questions about COVID vaccinations, please refer to the relevant NHS guidance or contact the NHS's Immunisation Service: [hct.csaissuffolk@nhs.net](mailto:hct.csaissuffolk@nhs.net).

Kind regards,

Dr A Sievwright  
Headteacher
