As parents you need to be aware that, as with all school trips, there is an element of risk involved. On this particular trip the students could get injured from trips or falls. The skiing will take place in controlled areas and students will remain well supervised by staff and instructors at all times. This does not guarantee their safety and accidents do happen, however the centre takes all reasonable precautions to minimise accidents. Student safety will be of paramount importance. These activities will require students to act responsibly and follow staff instructions at all times.

Parents should be aware that it is school policy that participation in a trip will be dependent on staff feeling confident that your son/daughter will behave appropriately. Poor behaviour during the sessions is likely to result in your child being withdrawn without a refund of the cost. The decision of the Headteacher on this matter is final.

If you would like any further information please do not hesitate to contact me,

Yours sincerely,
