Dear Parent/Carer,

Re: Weather Warning for Monday 18th and Tuesday 19th July 2022

We are aware that Suffolk CC Public Health Department has issued a hot weather warning for the above dates.

As you know, students will be involved in Activities Week events and trips on those days and you may be concerned about the potential for issues to arise due to the hot weather. Please be assured that staff who are in charge of Activities Week sessions are aware that they must continuously assess the risk to students posed by the hot weather and that they are aware of the need to monitor exposure to the sun and water consumption.

Some events, or activities, may be curtailed or modified as a result of these ongoing risk assessments.

Please ensure that your child arrives at school for their activities on Monday or Tuesday with the following:

- Plenty of drinking water
- A hat
- Sun cream
- Appropriate clothing

We hope that the measures outlined above will enable all students to have an enjoyable and safe experience on Monday and Tuesday.

Best wishes,

Dr Andy Sievwright,
Headteacher
