21st October 2020

Dear Parents/Carers,

In an effort to further support catch up and revision preparation for Year 11 students as we move towards their exams, we are offering some before and after school sessions starting week commencing Monday 2nd November 2020, The first sessions starts on Tuesday 3rd November.

Your Head of Year, Miss Ring, Heads of Faculty and their teams have identified students they feel would benefit from attending the sessions on offer. We would recommend all identified students attend the sessions they have been invited to as listed over. If there is a clash between a core subject and another subject, for example maths and geography after school on a Thursday, please attend geography on the Thursday and the maths mop up on a Friday before school. Please see the attached timetable for your information for details of subjects, days, rooming and timings.

Please would you be kind enough you reply to the email jlampard@farlingaye.suffolk.sch.uk to confirm your child's attendance.

Within lesson time over the first 2 weeks after half term, subjects will be discussing the key revision techniques and focus for students in their subjects. We will support this with tutorial material and a parents/carers session around supporting students as they work towards their GCSE exams. Please look out for more details about this after half term.

If you have any questions, please do contact me direct on the same email address.

Kind regards,

Mr J Lampard

Assistant Headteacher – Raising Standards Lead – Key Stage 4
